

DEPARTMENT OF PHARMACEUTICAL ANALYSIS

DETAILS OF PUBLICATIONS

Sl. No.	Title of the articles	Name of the Author	Year of Publications
1	Ultra-Performance Liquid Chromatography Method for Bioanalysis of Teriflunomide using Dried Blood Spot	Praseetha K.	2024
2	Validation And Greenness Assessment Of Uplc Method For Bioanalysis of Bilastine in Mice.	Praseetha K.	2023
3	Quetiapine Fumarate- A review of Analytical methods	Ahsaana Hamsa, K S Kokilambigai, Praseetha K, Kathirvel S	2022
4	A Review on Applicability of Artificial Intelligence in Pharmaceutical Field	Singaram Kathirvel Rajesh Akki, Gayathri Ramya, Priyanka G.	2022
5	Formulation and Evaluation of Mupirocin Nimosomal Gel for Topical Drug Delivery System	R Akki, MG Ramya, K Navyasri, S Kathirvel	2022
6	Development and validation of HPLC method for the determination of Aminoguanidine HCl	R. Maruthi and Vishnuraj. AR1 Faris Ameen A , S Kathirvel , R. S. Chandan	2021
7	A Compact Analytical Profile of	Indukala and S. Kathirvel	2021

	Aripiprazole: Analytical Methodologies.	O. V. Athira, Muhamed Rishad, K. Anand Babu, K. Praseetha	
8	Development and validation of stability indicating Reverse Phase High Performance Liquid Chromatography Method for the determination of Umeclidinum and Vilanterol in tablet dosage form.	Muhammed Rishad and Kathirvel S Ahsaana Hamsa, Praseetha K, Dijin Raj, T V Ashira, O V Athira, T Mohammed Rafeeq	2021
9	Review for Analytical Methods for the Determination of Mefenamic Acid.	T. V. Ashira T. Mohamed Rafeeq Saba Maanvizhi S. Kathirvel P. C. Indukala S. Safeetha	2021
10	Analytical Profile of Cinacalcet Hydrochloride: A Review.	Saba Maanvizhi and Kathirvel S, Ahsaana Hamsa , Dijin Raj K P , Praseetha K , Indukala	2021
11	Stability Indicating Analytical Method Development and Validation of Ciprofloxacin By RP-HPLC with Fluorescence Detector.	Adichanan R Vishnuraj, Bannimath Gurupadayya, Singaram Kathirvel	2021
